The Brahman Foundation

is a non-profit organization that was started in 2015 to support youth and enhance the Brahman breed. Since its inception, The Brahman Foundation has provided assistance at the "All American", by awarding showmanship premiums, stipends to the AJBA Queen & Princess, Bred & Owned Champion awards, funded scholarships, hosted a leadership camp each year, sponsored a steak dinner at the Bluebonnet Kick Off Classic, and supported regional organizations with educational programs.

With continued support and contributions it is the hope of the foundation to continue our efforts to support each and every one of our Brahman youth.

Flying W Ranch

At Flying W Ranch we have strived to produce cattle that are fertile and productive since 1974. Our cattle remain productive in this tough West Texas country in good years and bad. They can travel in our big rocky pastures and stay in good flesh. Our goal is to produce bulls for our customers with light birth weights and high calving ease so they are trouble free. Our cattle are moderate, easy fleshing and very gentle and beefy. Our females are feminine, long bodied, and attractive with great udders. We have had 54 cows achieve Maternal Merit status as well as 9 bulls with Maternal Sire awards. While we are proud of these achievements this was not something we were trying to do but simply a result of our putting emphasis on fertility and production.

In the past 12 years we have put more effort in improving carcass quality. Using ultrasound we have identified our genetics to improve those traits. The past two years our females have averaged 4 imf. We will continue to try and improve our carcass traits while never losing sight of fertility and production.

Between pastures and dreams:

HONORING THE LIFE AND LEGACY OF BETO SALINAS

Norberto “Beto” Salinas, the charismatic former Mayor of Mission and esteemed public official, peacefully entered eternal rest on Friday, the 26th of May 2023, at his residence. Beto, a name etched in the hearts of all who knew him, was born on the 28th of December 1946, in Cuevitas, Texas, to the late Maria Yolanda Flores and Adan Salinas.

Beto’s formative years were shaped by his deep roots in Starr County, in 1965 he graduated from Rio Grande City High School. His values were molded by the enduring lessons he learned within this close-knit community. El Toro Ranch, nestled in Starr County, has always held a special place in Beto’s heart, serving as the cherished backdrop of his birth and upbringing. He found solace and inspiration within its embrace, and he loved spending time in the same ranch where he was born and raised. His indelible legacy will endure through the lives of his children, who will carry forward his values and principles. Just as he did, they will continue his legacy of love, dedication, and service to their community. Beto’s profound impact will be felt for generations to come. Beyond his devotion to family, Beto possessed

a deep passion for raising Brahman cattle. These magnificent creatures captured his admiration, and he poured his love and care into their well-being. Beto’s attachment to his Brahman cattle was so profound that parting with them became a challenge, as each held a special place in his heart. His love for these animals reflected his unwavering commitment, and it became a testament to his deep connection with nature and the land he treasured.

*You will be forever
in our hearts...*
